BACKGROUND

The United Group Construction and Renovations is a partnership entity between Mr Nkoanyane Seoete and Mr Mosoeu Mofelehetsi. Legally registered in 2022, it is a new player in the construction industry which aims to change the game with new trends and new thinking. It is diverse in nature with about fifteen functions through which the owners intend to revolutionize the built environment in Lesotho with construction related services ranging from architecture, engineering, building, manufacturing and retailing among others.

With diverse skills ranging from architecture, building and project management, the partners are hands on, qualified and experienced technicians who have undertaken numerous jobs working in conjunction with their associates to execute various construction models such as design only, construction only, design and build and construction management.

Mr Nkoanyane Seoete

Mr Mosoeu Mofelehetsi

INTRODUCTION

The United Group offers one stop services to clients both in Lesotho and South Africa with services anchored around Renovations, Building Construction and Project Management as well as interior design and consultancy. We have been working hard behind the scenes but now we are ready to take over the construction industry and have fortunately achieved a respectable name and position out of our hard work, commitment and dedication. We have successfully completed a number of projects which have equipped us a lot of experience in our above-mentioned areas of specialty.

The Directors are experts in their fields of Building Technology and Project Management and they work hand in hand with our team and associates who all possess a great combination of technical expertise and talents which makes it easy for the company to deliver all kinds of projects which require great genius, innovation and uniqueness.
